WD 0511—GPB—30,000—2-9-38

Submitted to His Highness.

46 / The question of amending the present University Act III of 1933 arose in connection with the proposal to affiliate the St. Joseph's College in the Civil and Military Station, Bangalore, to the Mysore University. Although this particular proposal did not materialise and had to be abandoned for the time being, at any rate, it was nevertheless considered desirable to give general powers to the University to affiliate teaching institutions within the State not maintained by the University. The question was accordingly referred to the University for consideration.

47/ The Vice-Chancellor now reports that the Senate and the University and Academic Councils have accepted the principle of affiliation. He has forwarded a draft of the amendments to the Act, recommended by the University Council, for the purpose of giving effect to that principle. A note explaining the scope of the amendments has also been received. It is proposed to adopt this note as the Statement of Objects and Reasons for the Amending Bill.

48/ The Members of Council agree with me that the University Act may be amended on the lines suggested by the University and I solicit the gracious sanction of His Highness to the proposal.

69) In addition to the suggestions of the Law section at paras 61-64 of the notes, the following are suggested:

1. Clause 6: Since affiliated institutions would also be included in the compendious expression "university", the suggested sub clause (c) may perhaps be changed to the following.

"(c) three members elected by the Senate from among its members who are not on the staff of Constituent or affiliated Colleges."

or the existing clause of the Act may be retained.

For the same reason the suggested clause (b) has to be similarly modified.

70) 2. Clause 9.(b): The substantive provision of section 17 of the Act is that Constituent Colleges and other institutions mentioned in that section have to be maintained by the university according to the Statute. The addition of the words "or affiliated" would make result in this substantive provision being lost sight of. The following is suggested for cl 9(b)

"(b) Colleges, ~~Schools and~~ other than the words "other than affiliated Colleges" shall be added after the word "research" in section 17.

71) This will carry out the obvious intention behind the amendment viz that affiliated Colleges need not be maintained by the university unlike Constituent

72/ The Preamble also may perhaps be changed to - ... the purposes hereinafter appearing", since it is only in exceptional cases that a Preamble is now used to explain the Object of an Act.

Dear Mr.Venkatesa Iyengar,

With reference to your D.O.letter No.1/G.S. dated the 7th October 1937, regarding legal or other objections to the affiliation of the St.Joseph's College, Civil and Military Station, to this University, I write to say that as the Regulation stands,there is no provision for affiliation and degree courses can be taken only in Constituent Colleges. As regards ot ıpects of the question, I may point out that while affiliation of colleges preparing for the degrees of the University need not be ruled out as necessarily academically unsound, such affiliation will change radically the character of the University and will therefore require careful consideration. If Government so desire, the question will be examined in detail by the University Council and a report sent.

Yours sincerely,

M.S. Sundara Rao

Dr 60-37-5

Dear Mr. Venkatesa Iyengar,

With reference to your D.O. letter No.1595/Uni. 60-37-4, dated the 1st December 1937, regarding the affiliation of the St. Joseph's College, Civil and Military Station, Bangalore, to the University, I am writing to say that the question was placed before the University Council at the meeting held on the 11th December 1937. The University Council considered the question carefully and while they were of opinion that there is no provision in the University Regulation as it stands now for the affiliation of institutions, they were unanimously agreed that the regulation might be amended so as to empower the University to affiliate institutions.

I shall not at this stage enter into details as to what amendments are necessary in the Regulation. They can be considered at a later stage, but I should point out that the decision of the University Council has to be supported by the approval of the Academic Council and the Senate. I do not anticipate, however, any difficulty.

Yours sincerely,

NOTE on the powers of the University to affiliate Institutions.

Under section 5 (*b*) of the University Act III of 1933, the University has power to grant diplomas, certificates or other distinctions to persons who have pursued a course of study under conditions approved by the University. Under clause (*f*) of the same section, the University has power to do all such other acts and things as may be required in order to further the objects of the University as a teaching and examining body.

Section 17 of the Act lays down that colleges, schools and other institutions for study and research shall be maintained by the University according to the provision of the statutes.

Statute 67 prescribes that in addition to the constituent colleges (enumerated in section 3 of the Act) the University shall maintain the following teaching institutions, namely,

1. The Intermediate College, Mysore.
2. The Intermediate College, Bangalore.
3. The Intermediate College for Women, Bangalore.
4. The Medical School, Bangalore.

and such other teaching institutions as the University may, from time to time, decide to conduct with the sanction of Government.

Ordinance 17 prescribes that no attendance for instruction in any institution other than an institution conducted by the University shall qualify for admission to any examination of the University.

Prior to the institution of the Intermediate course, the University had power under the then ordinances 108-114 to recognize collegiate high schools for purposes of the Entrance Class.

In connection with the reorganization of the University courses and laws, the Reorganization Committee proposed that 'there shall be two classes of colleges in the University, namely, constituent colleges and Intermediate Colleges, and the status of colleges shall be defined in the ordinances. The Intermediate colleges shall, like the constituent colleges, be conducted as integral part of the University in respect of finance and administration.' At the senate meeting held in November 1925 at which the Reorganization Committee's proposals were considered, an amendment was moved to this proposition in order to secure the addition of the following :

> 'and provision shall also be made for the recognition of the colleges which may be opened by private agencies and which shall meet the University requirements with regard to educational efficiency'.

This amendment was not accepted by the Senate.

At the meeting of the University Council held on the 11th December 1937, the Council resolved that the Laws of the University as they stand do not permit affiliation of institutions, but that the Council is agreeable to the University Act being amended with a view to permitting affiliation.

At the meeting held on the 29th January 1938, the Academic Council resolved in favour of amending the University Act so as to secure for the University the power to affiliate institutions.

University of Mysore.

Note.

The University of Mysore established and incorporated under the University Act V of 1916 is, by its constitution, a teaching university of the unitary type with its component institutions distributed between Bangalore and Mysore. Section 17 of the revised University Act III of 1933 requires that colleges, schools and other institutions for study and research shall be maintained by the University.

The federal principle in regard to university administration has since been gaining ground and it is agreed generally that efficiency and high standards can be maintained even if the colleges within the purview of a university are not all directly administered by it. It is, therefore, desirable that the University of Mysore should have powers to bring within its ambit institutions in areas territorially and culturally related to Mysore. It is therefore proposed to give the University power to affiliate institutions by suitably amending the Act. The details of affiliation, like territorial and other limitations, privileges of affiliation etc., will be regulated by the Statutes in due course. The University authorities, namely, the Academic Council, the Council and the Senate have recommended that the University should have power to affiliate.

The amendments proposed relate to the definition of affiliated colleges and the privileges of affiliation. The Principal of an affiliated college will be ex-officio member of the Senate and the Academic Council, and the members of staff of an affiliated college will be ex-officio members of the Academic Council like the corresponding members of staff of University Colleges.

STATEMENT OF OBJECTS AND REASONS.

The University established and incorporated under the University Act V of 1916 is, by its constitution, a teaching University of the unitary type with its component institutions distributed between Bangalore and Mysore. Section 17 of the revised University Act III of 1933 requires that colleges, schools and other institutions for study and research shall be maintained by the University.

The federal principle in regard to University administration has since been gaining ground and it is agreed that efficiency and high standards can be maintained even if the colleges within the purview of a University are not all directly administered by it. It is, therefore, desirable that the University of Mysore should have powers to bring within its ambit institutions in areas

territorially and culturally related to Mysore. It is therefore proposed to give the University power to affiliate institutions by suitably amending the Act. The details of affiliation like territorial and other limitations, privileges of affiliation etc., will be regulated by the Statutes in due course. The University authorities, namely, the Academic Council, the Council and the Senate have recommended that the University should have power to affiliate.

The amendments proposed relate to the definition of affiliated colleges and the privileges of affiliation. The principal of an affiliated college will be ex-officio member of the Senate and the Academic Council and the members of staff of an affiliated colleges will be ex-officio members of the Academic Council like the corresponding members of staff of the University Colleges.
